Inclusion criteria

Is the patient at least 15 years old?

- ☐ Yes
☐ No
(Source: Medical record or interview)

Did the patient present with a history of trauma defined as having any of the reasons listed in the International Classification of Diseases chapter XX as the reason for presenting?

- ☐ Yes
☐ No
(Source: Medical record or interview)

Please see <https://icd.who.int/browse10/2019/en#/XX> for a complete list of ICD-10 codes

Did the trauma occur less than 48 hours before arrival to the hospital?

- ☐ Yes
☐ No
(Source: Medical record or interview)

Was the patient admitted?

- ☐ Yes
☐ No
(Source: Medical record)

Did the patient die after arrival but before admission?

- ☐ Yes
☐ No
(Source: Medical record)

Was the patient transferred to another hospital for admission?

- ☐ Yes
☐ No
(Source: Medical record)

Exclusion criteria

Did the patient present with isolated limb injury?

- ☐ Yes
☐ No
(Source: Medical record)

Was the patient directly admitted to a ward without being seen by a physician in the emergency department?

- ☐ Yes
☐ No
(Source: Medical record)

Eligibility

Phone numbers to patient and patient representative

(Collect as many phone numbers as possible)

The patient is not eligible for inclusion.

Consent V10 Dated22mar24

Section I: Consent Wavier

This only applies to patients who are unconscious or otherwise unable to provide consent and do not have a legally authorized representative. Patient participants who are included under the waiver of informed consent have to be approached and receive information about the study, the option to opt out, and consented for follow up when they regain consciousness or a legally authorized representative is present.

Is the patient included under the waiver of informed consent?

- ☐ Yes
☐ No

Reason for waiver of consent

- ☐ Whether the patient is unconscious or not able to provide consent
☐ Do not have a legally acceptable representative (LAR)
☐ Both

Please fill LAR attempt form to contact LAR

Section II: Opt in consent for follow up data collection

Who gave opt-in consent for follow-up data collection?

- ☐ Patient participant
☐ Legally authorised representative
☐ Opt-in consent not given

Please fill opt-out form

Why was participant representative approached for consent instead of the participant?

- ☐ The participant is incapacitated because of the trauma
☐ The participant is younger than 18 years

When did the participant or participant representative consented for follow-up data collection?

How did the participant or participant representative consented for follow-up data collection?

- ☐ In writing
☐ Verbally

Section III: Assent form

Did the participant representative consented for follow-up data collection?

- ☐ Yes
☐ No

Did the participant gave assent for follow-up?

- ☐ Yes
☐ No
☐ The participant is incapacitated because of the trauma

Date when the minor gave assent

Date when the minor refused assent

Section IV: Opt out consent for follow up data collection

Did the participant or participant representative opt out from being included in the study?

☐ Yes

☐ No

Date when participant decided to opt out from the study

Did the participant or participant representative suggested to delete all the previously recorded data?

☐ Yes

☐ No

Section V: Consent withdrawal

Does the participant or participant representative wants to withdraw the consent?

☐ Yes

☐ No

Date of consent withdrawal

Consent withdrawn reason

☐ Participant not willing to continue

☐ Participant does not wish to participate in Follow Up

☐ Other, specify

Other, specify reason

Procedure(s) for which consent has been withdrawn

☐ Data collection prior to withdrawal

☐ All data collection after withdrawal

☐ Other, specify

Others, specify

Lar Attempt Form V10 Dated22mar24

Attempt 1 ☐ Yes
☐ No

Date of Attempt 1 _____

Was contact made with LAR? ☐ Yes
☐ No

Please specify the relationship of LAR with the participant _____

If LAR is contacted then fill Section II: Opt-in Consent form.

Attempt 2 ☐ Yes
☐ No

Date of Attempt 2 _____

Was contact made with LAR? ☐ Yes
☐ No

Please specify the relationship of LAR with the participant _____

If LAR is contacted then fill Section II: Opt-in Consent form.

Attempt 3 ☐ Yes
☐ No

Date of Attempt 3 _____

Was contact made with LAR? ☐ Yes
☐ No

Please specify the relationship of LAR with the participant _____

If LAR is contacted then fill Section II: Opt-in Consent form.

Attempt 4 ☐ Yes
☐ No

Date of Attempt 4 _____

Was contact made with LAR? ☐ Yes
☐ No

Please specify the relationship of LAR with the participant _____

If LAR is contacted then fill Section II: Opt-in Consent form.

Attempt 5 ☐ Yes
☐ No

Date of Attempt 5 _____

Was contact made with LAR? ☐ Yes
☐ No

Please specify the relationship of LAR with the participant _____

If LAR is contacted then fill Section II: Opt-in Consent form.

Note to interviewer: although allowance should be made for the interviewer's particular style of speaking, the wording of the questionnaire instructions should be followed as closely as possible. In the case of the EQ-5D-5L descriptive system of the questionnaire, the precise wording must be followed.

If the respondent has difficulty choosing a response or asks for clarification, the interviewer should repeat the question word for word and ask the respondent to answer in a way that most closely resembles his or her thoughts about his or her health today.

INTRODUCTION

(Note to interviewer: please read the following to the respondent.)

We are trying to find out what you think about your health. I will explain what to do as I go along, but please interrupt me if you do not understand something or if things are not clear to you. There are no right or wrong answers. We are interested only in your personal view.

First, I am going to read out some questions. Each question has a choice of five answers. Please tell me which answer best describes your health TODAY.

Do not choose more than one answer in each group of questions.

(Note to interviewer: first read all five options for each question. Then ask the respondent to choose which one applies to him/herself. Repeat the question and options if necessary. Mark the appropriate box under each heading. You may need to remind the respondent regularly that the timeframe is TODAY.)

EQ-5D VAS

© EuroQol Research Foundation. EQ-5D™ is a trade mark of the EuroQol Research Foundation. UK (English) v1.2

Now, I would like to ask you to say how good or bad your health is TODAY.

I would like you to picture in your mind a vertical line that is numbered from 0 to 100.
(Note to interviewer: if interviewing face-to-face, please show the respondent the VAS line.)

100 at the top of the line means the best health you can imagine.
0 at the bottom of the line means the worst health you can imagine.
