

---

Now, I would like to ask you to say how good or bad your health is TODAY.

I would like you to picture in your mind a vertical line that is numbered from 0 to 100.  
(Note to interviewer: if interviewing face-to-face, please show the respondent the VAS line.)

100 at the top of the line means the best health you can imagine.  
0 at the bottom of the line means the worst health you can imagine.

---

I would now like you to tell me the point on this  
line where you would put your health TODAY.  
(Note to interviewer: mark the line at the point  
indicating the respondent's health today.)

0 - The worst health you can imagine                      50                      100 - The best health you can imagine

(Place a mark on the scale above)
