Now, I would like to ask you to say how good or bad your health is TODAY.  I would like you to picture in your mind a vertical line that is numbered from 0 to 100.

(Note to interviewer: if interviewing face-to-face, please show the respondent the VAS line.)

100 at the top of the line means the best health you can imagine. 0 at the bottom of the line means the worst health you can imagine.
